

To Robert,

Feb. 2016

The Adult Basic Education (ABE) class would like to thank you and your crew, especially to you for thinking of the ABE class for presenting the Land Referendum. It was very helpful for us to know about the Land Referendum and what can happen. Thank you again for coming to our ABE class, we think highly of the Land Referendum and will be going out to vote in May. We look forward to seeing you again!
